To Whom It May Concern

Subject: **Request for permission to publish "PUP E-Library" App on Google Play Store**

Respected Sir/Madam,

I am a final year student of MCA here. I have developed an E-Library App as part of my final year project, under the guidance of Prof. Jai Bardhan Kant. This app is a digital platform that provides access to various e-books, syllabi and other resources related to the MCA curriculum and beyond. The app also has features such as searching content inside each book/syllabi.

I would like to request your permission to publish this in Play Store, so that it can reach a wider audience and benefit more students and learners. Publishing this showcase my skills and achievements as a developer and a student. I have followed all the guidelines and requirements and make sure this does not violate any intellectual property rights or privacy policies of e-resources or of Google Play Store.
